

## **NPA Emergency Evacuation Plan**

Our biggest emergency hazards at NPA are fire and earthquakes. Twice a year we will practice emergency drills so students are prepared. Once a year we will have earthquake education for new and incoming students concerning our local earthquake hazard and how to prepare at school and home. What follows is the NPA Evacuation Plan to be implemented in case of an emergency.

- Teachers call for evacuation. Take quickest route out of classroom
- Assembly point is in west parking lot
- Students line up by class and attendance is taken
- If any student is missing, teachers conduct search if conditions permit
- In the case of a major earthquake or other disaster, parents should arrive to pick up their son/daughter as soon as it is safe to do so. Updated notifications will be sent out via the school's information system.
