MEMORANDUM

TO: District Superintendents and Business Managers

FROM: Angela West, Director of Fiscal Services

SUBJECT: CERTIFICATION OF UNAUDITED ACTUAL FINANCIAL REPORT AND GANN LIMIT FOR 2024-2025

Pursuant to E.C. 42100, the governing board of a school district shall approve an unaudited actual financial report for the fiscal year just completed and file it with the County Superintendent of Schools **on or before September 16, 2024**.

Enclosed please find your 2024-2025 Unaudited Actuals, generated using the newest California Department of Education (CDE) SACS Financial Reporting Software, data from the financial system and information provided by district staff.

Please complete the Form CA (the certification) and return it via email to Julie Grant, in the Business Office directly after board approval so that we may transmit the data to the state in a timely fashion.

As a reminder, although the GANN Limit Calculation is included as part of the unaudited actual packet, a resolution must still be adopted by the district's board pursuant to Education Code Sections 1629 and 43142. A sample resolution has been provided that you may wish to use, as well as some general information regarding the GANN Limit. After board action, please email the signed Gann Limit Resolution to *Julie Grant* at jgrant@hcoe.org

If you have any questions, please feel free to call me at 441-3946 or Johnna Emery at 445-5313. Thank you.

Part II - Adjustments for Employment Separation Cos	sts	
When an employee separates from service, the local e	educational agency (LEA) may incur costs associated with the separation in addition	
to the employee's regular salary and benefits for the fi	inal pay period. These additional costs can be categorized as "normal" or "abnormal	
or mass" separation costs.		
Normal separation costs include items such as pay for	r accumulated unused leave or routine severance pay authorized by governing board	t
policy. Normal separation costs are not allowable as di	rect costs to federal programs, but are allowable as indirect costs. State programs	
may have similar restrictions. Where federal or state p	program guidelines required that the LEA charge an employee's normal separation	
costs to an unrestricted resource rather than to the res	tricted program in which the employee worked, the LEA may identify and enter	
these costs on Line A for inclusion in the indirect cost	pool.	
Abnormal or mass separation costs are those costs res	sulting from actions taken by an LEA to influence employees to terminate their	
employment earlier than they normally would have. Ab	normal or mass separation costs include retirement incentives such as a Golden	
Handshake or severance packages negotiated to effect	t termination. Abnormal or mass separation costs may not be charged to federal	
	e an LEA paid abnormal or mass separation costs on behalf of positions in general	
	pol, the LEA must identify and enter these costs on Line B for exclusion from the po	ool.

Part IV - Carry-forward Adjustme	ent	
The carry-forward adjustment is a	an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect	
cost rate approved for use in a g	given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates	

2023-24 Unaudited Actuals Form ICR **Humboldt County** Indirect Cost Rate Worksheet E8AYD2MZFR(2023-24) the need for LEAs to file amended federal reports when their actual indirect costs v ary from the estimated indirect costs on which the approved rate was based Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A. A. Indirect costs incurred in the current year (Part III, Line A8) 80.444.94 B. Carry-forward adjustment from prior year(s) 1. Carry-forward adjustment from the second prior year 19.336.61 2. Carry-forward adjustment amount deferred from prior y ear(s), if any 0.00 C. Carry-forward adjustment for under- or over-recovery in the current year 1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (7.55%) times Part III, Line B19); zero if negative 0.00 2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (7.55%) times Part III, Line B19) or (the highest rate used to recover costs from any program (7.55%) times Part III, Line B19); zero if positive (59,760.15) D. Preliminary carry-forward adjustment (Line C1 or C2) (59,760.15) E. Optional allocation of negative carry-forward adjustment over more than one year Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate. Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation: 0.98% Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-29880.07) is applied to the current year calculation and the remainder (\$-29880.08) is deferred to one or more future years: 2.39% Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-19920.05) is applied to the current year calculation and the remainder (\$-39840.10) is deferred to one or more future years: 2 86% LEA request for Option 1, Option 2, or Option 3 1 F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected) (59,760.15)
